## MEETING OF COMMISSION

**Township Supervisors Must Measure  
All Roads in the County before  
Middle of November. Law  
Passed in May.**

First steps have already been taken, as provided by a recent act of the Legislature, looking toward the proper celebration of the semi-centennial of the battle of Gettysburg, in July, 1913. The Commission appointed by Governor Stuart met this week at the Union League, Philadelphia, and, after luncheon, organized by electing General Louis Wagner chairman and Rev. John R. Boyle, of Reading, secretary. There were present, beside these two, Colonel R. Dale Benson, of Philadelphia; Adjutant William P. Lloyd, of Mechanicsburg; Colonel R. Bruce Ricketts, of Wilkes-Barre, and Corporal Irvin K. Campbell, of Pittsburg. The other members of the Commission are Sergeant Alexander McDowell, of Sharon; Louis T. Brown, of Pittsburg, and Major General John R. Brooke, retired, of Philadelphia.

It is said that Major General Brooke has sent his resignation to Governor Stuart as a member of the Commission. It will therefore be necessary for the Governor to appoint some one in his place.

Governor Stuart was asked to meet with the Commission but was unable to do so. The purpose of the appointment of the Commission was discussed, and it was decided that the next meeting be held in Harrisburg on October 25, to confer with the Governor. At that time plans will be adopted for the co-operation of Congress and the other States. The officers of the Commission were instructed to submit a first draft of the communication to be sent to these.

## PREPARING TO MEASURE ROADS

**Commission to Arrange for Celebration of Fiftieth Anniversary of the Battle of Gettysburg Holds its First Session.**

Road supervisors in Adams county are making preparation to have all the public roads in the various townships measured, in accord with the provisions of an act of assembly passed by the last legislature. The data is to be secured and forwarded to the state highway department at Harrisburg before November 13 next.

As required by the new law, Clerk of the Courts Thomas will send a complete list of the supervisors to the state highway officials. The different boards will be instructed to comply with the provisions of the bill that was enacted into law May 13 last. In this manner, it is expected, the state officials will learn the exact number of miles of public highways within the commonwealth. The data will be used in the campaign for better highways.

Among the provisions in the act of 1909 is one which requires that within six months after the bill was signed by Governor Stuart all the boards of supervisors shall measure all the public roads in their respective townships. The act stipulates that the measurements shall be made either by the use of a cyclometer or otherwise as the boards may direct and report the mileage to State Highway Commissioner Joseph Hunter.

This report will be submitted to Synod at its regular meeting to be held at Woodstock, Va., October 26.

Those present at the meeting were Rev. Dr. T. J. Barkley, of Gettysburg; Rev. J. Stewart Hartman, of Woodstock, Va.; C. M. Wolff, Esq., Rev. Ellis S. Hay and D. E. Winebrenner, Sr., of Hanover.

## MORE STUDENTS

Says the Hagerstown Herald—"That the number of candidates for the ministry is constantly decreasing is the complaint of nearly all church denominations, to which the Lutheran church is no exception. Therefore a statement made at the Lutheran ministers' meeting in Baltimore, by Prof. Luther Kuhlman, of the Gettysburg Theological Seminary, that the number of theological students at the seminary is increasing was received with enthusiasm by the clergymen.

"Professor Kuhlman holds a high place in Lutheran educational circles. He was speaking before the meeting on the subject of the work and aims of the seminary, and in the course of his remarks made the statement that was so well received. The increase in the number of students studying theology at the seminary means, of course, that there will be a gain in the number of candidates for the ministry."

## VANDERBILT, JR., AND WIFE PART

Have Arranged For Separation and Custody of Children.

### TROUBLE STARTED YEAR AGO

Name of a Famous Opera Singer Was Mentioned With That of the Young Millionaire—Relative Could Not Effect a Reconciliation.

New York, Sept. 22.—William K. Vanderbilt, Jr., and his wife, formerly Virginia Fair, of San Francisco, have parted. A formal agreement of separation, approved by their respective counsel, and containing specific provisions as to financial arrangements and the custody of their children.

MRS. WILLIAM KISSAM VANDERBILT, JR.

Muriel Consuelo and William K. Vanderbilt, 3d, has been signed by each.

This formal action will be made known to society on the return of young Mrs. Vanderbilt, now on her way from Europe to New York on the steamship Lusitania, and will set at rest the vague gossip which has been circulated about the couple since a year ago.

It has been generally known in New York society for almost a year that there was a lack of harmony between Mr. Vanderbilt and his wife, and the name of a famous opera singer was mentioned with that of the young millionaire. Conspicuous in the efforts to bring about a reconciliation were Mrs. O. M. P. Belmont, Mr. Vanderbilt's mother, and Mrs. Theresa Oelrichs, a sister of Mrs. Vanderbilt. Mr. Vanderbilt is a brother of the Duchess of Marlborough.

William K. Vanderbilt, Jr., and Miss Virginia Fair were married April 4, 1899, at the residence of the bride's sister, Mrs. Herman Oelrichs, in New York.

### 32 CHILDREN IN FAMILY

Michigan Man Father of Twenty and Stepfather to Twelve.

Lansing, Mich., Sept. 22.—What is probably a record number of children in one family was disclosed through the receipt of a birth certificate at the secretary of state's office, showing that Joseph Tatro, fifty-eight years old, living in Pinconning township, Bay county, is the father of twenty children and the stepfather of twelve others, making a total of thirty-two children in the family.

At the time of his marriage to Hattie Chabineau, Tatro had fifteen children of his own, while she had twelve. Since then they have added five more to the list.

Thrown Under Car, Says Dying Man.

Pottsville, Pa., Sept. 22.—According to his ante-mortem statement, Michael Ponnick, who died at the Pottsville hospital, was murdered by an unidentified man, who threw him in front of a trolley car near Duncott. Ponnick said he was waiting to board the car when the stranger seized him by the shoulders and hurled him on the track. The car a second later ran over him, inflicting injuries that caused his death an hour afterward. State police, relying upon the dying man's description of his assailant, arrested Adam Brusap on suspicion.

Small Peach Orchard Yields \$5000.

Schencksville, Pa., Sept. 22.—With an income of approximately \$5000 from a peach orchard of four and a half acres, John L. Kern will this year have one of the most successful years in fruit-growing that has ever been recorded in Pennsylvania. The orchard contains 700 trees, mostly Albertas and Fitzgeralds. More than 3500 baskets were picked, and the fruit sold at prices ranging from \$1.50 to \$2 per basket.

Twists Rope Until He Strangles.

Scranton, Pa., Sept. 22.—Ill health led Benedict Taylor, eighty-eight years old, to commit suicide by an unusual method. Placing a rope about his neck, he twisted it until he slowly strangled to death. Mr. Taylor had been in ill health for some time, and his failure to improve worried him greatly.

### CHILD BRIDE A SUICIDE

Girl Who Wed at Thirteen Drowns Sorrow With Poison.

Phillipsburg, N. J., Sept. 22.—Discouraged and heart-broken because of the fact that her marriage had proven a failure, Mrs. Elizabeth Sigafos Halpin drank poison at the home of her father, Jeremiah Sigafos, of Alpha, and died before a physician could be secured to attempt to save her life.

She was seventeen years of age, and when only thirteen years old had married Earl Halpin. Their married life had not been happy, and a year ago she returned to the home of her parents. She had felt the separation very much and had threatened to take her life.

### QUAY STATUE NOT CLAIMED

Sent to Storage Warehouse by Pennsy Railroad Officials.

Harrisburg, Pa., Sept. 22.—The Pennsylvania railroad freight officials here said that they had sent the Quay statue to a storage warehouse because it was unclaimed.

This means that it will be held until called for by the commission. At the capitol nothing is known about the plans of the commission.

## HEAVY DAMAGE IN GULF STORM

At Least Seven Killed in Tropical Hurricane.

New Orleans, Sept. 22.—Central in Mississippi and sweeping north at the rate of 200 miles a day, the hurricane which devastated the gulf coast and left a trail of wreck and ruin through four states, continued on its course with unabated fury.

Of the ruin that it has wrought no one can give an estimate. In New Orleans alone five are known to be dead, and \$1,000,000 will not repair the damage done to the city. It is said that plate glass alone will cost \$100,000 to replace.

From the little aristocratic summer colonies on the Louisiana and Mississippi gulf coast come vague tales of devastation and fears that many lives have been lost. The wealthy summer tourists who own pleasure craft are wont to spend much time upon them, and it is possible that many have been lost. Biloxi, the mecca of the wealthy is still isolated and its fate is unknown.

Jackson, Miss., the capital of the state, is still cut off from the coast points. The dome of the new capitol at Jackson was wrecked and the old capitol unroofed. The streets were a tangle of live wires and the fallen trees and debris made the highway impassable. Two men were killed by falling walls.

At Vicksburg two vessels were sunk and a third was driven ashore. Their passengers were rescued. One vessel lies across the channel and has blocked navigation.

### SET JAIL ON FIRE

Prisoner's Act Nearly Causes Death of Five.

Wilkes-Barre, Pa., Sept. 22.—Five prisoners had a narrow escape from being burned to death in the city jail. Pat Madden, a sixth prisoner, who was at large in a room close to the cell corridor, set fire to the room and was feeding the flames with all the combustible material he could find, when the policemen who were about to answer a hurry call to a distant point smelled smoke and discovered the fire. The blaze was extinguished only after hard work. Had the policemen left, the men in the cells would probably have been smothered or burned to death, as there would have been no one on hand to release them. Madden was arrested over again and charged with arson.

### Convict Killed by Blow.

Tifton, Ga., Sept. 22.—Charles Lokey, a convict on the Tifton chain gang, was killed with one blow while seated at the breakfast table by Albert White, another convict. Humming a tune, White walked quietly up behind Lokey. He held behind his back the hickory cross-bar of a wagon. He brought it down with all his might. Lokey was killed instantly.

### White Slave Dealers Arrested.

Ogdensburg, N. Y., Sept. 22.—Leo Fulford, alias John Dowling, of Montreal, and Steve Nolan, of Ottawa, Ont., were arrested here, charged with selling girls from Canada into white slavery. In default of \$1000 bail both were locked up.

### Died Trying to Save Old Bible.

Pittsburg, Sept. 22.—Rushing into her burning home in an effort to save a fifty-year-old Bible containing money, Mrs. Jane Carr, aged eighty-five years, met death in the flames at her home on the north side.

## TAFT DEFENDS CORPORATION TAX

Declares It is the Best Form of Income Tax.

### PATTERNED AFTER ENGLAND'S

The President Urges the States to Veto For Constitutional Amendment Permitting Levy of Direct Income Tax in Cases of Emergency.

Denver, Colo., Sept. 22.—Making his way still further to the west, President Taft arrived in Denver, and in the Auditorium, where a year ago Mr. Bryan was nominated as his opponent in the presidential race, faced a crowd of thousands that in its noisy welcome and continuing enthusiasm recalled some of the scenes of convention week.

President Taft, switching from his purpose to discuss the question of the conservation of national resources in his Denver speech, elected to take up the corporation tax passed as a part of the Payne tariff bill and to defend it as against the proposition to impose a direct income tax, which he acknowledged seemed likely to pass the senate when the corporation tax was devised as a compromise. The president strongly urged that all the states should adopt the proposed amendment to the constitution, however, to make an income tax possible in time of need.

### Corporation Tax the Best.

The president declared that the corporation tax was in itself the best form of income tax that could be levied, and pointed out that it contained many of the best features of the income tax law of England. In urging that the states should vote for the amendment to the constitution permitting the levy of a direct income tax, without apportioning the proceeds among the states according to their population, the president declared that it would be possible so to amend the corporation tax as to include within its scope every desired feature of an income tax except the levy upon incomes derived from actual salary and professional services.

The president said he opposed a direct income tax except in cases of emergency, and he believed it to be a prime fault in the federal constitution that no provision is made for a direct levy to meet war time or other extraordinary expenses.

Mr. Taft declared that it was the supreme court decision declaring unconstitutional the income tax law passed by a Democratic congress some years ago that prevented the leaders in congress during the session recently closed from including in the corporation tax measure a provision for a levy upon bonds and bondholders.

The president based his argument in favor of the corporation tax, as compared to the direct income tax, almost entirely upon the results of the income tax in England.

### Why He Opposed Direct Income Tax.

He pointed out that the tax there is not a direct levy, such as was recently defeated in the senate only through a compromise, but that it laid the tax upon the income before it came into the hands of the individual. The English tax is levied first on the declared dividends of corporations, secondly on rents before leaving the hands of the tenants, and thirdly on the individual directly. It was found in England that a direct income tax at 10 per cent did not produce as much revenue as the present method of taxation at 5 per cent. This he declared illustrated the premium that the direct tax places upon perjury and concealment.

It is a question, the president declared, whether salaries and incomes from professional work should be taxed as heavily as incomes derived from investments or not taxed at all. The latter, he said, was the effect of the corporation tax.

### DROUGHT CLOSES MINES

Johnstown Electric Light Co. Also Suspends Owing to Lack of Water.

Johnstown, Pa., Sept. 22.—The electric light plant of this city and three mines of the Stinesman Coal Mining company have been forced to cease operations owing to a lack of water. Both reservoirs of the South Fork Water company have gone dry, and much suffering is being experienced on account of the continued drought.

### Have Cure For Pellagra.

Durham, N. C., Sept. 22.—J. S. Orourke-Terry, a native African, graduate of Cambridge, England, and medical missionary studying here, declared that the natives of Africa cure 90 per cent of pellagra by herbivorous treatment, and he gives the formula. The doctors have taken his suggestion up and are working upon some of the Durham cases to see what efficacy there is in the remedy.

## HANDS AND FEET ITCHED 12 YEARS

Suffered Terribly from Eczema which Made Hands and Feet Swell, Peel and Get Raw—Arms Affected, Too—Gave Up Hope of Cure.

## USED CUTICURA AND WAS QUICKLY CURED

"I suffered from eczema on my hands, arms and feet for about twelve years. My hands and feet would swell, sweat and itch, then would become callous and get very dry, then peel off and get raw. I tried most every kind of salve and ointment without success, only got temporary relief. As soon as I would leave off using them I would be as bad as ever. I tried several doctors, took medicine for two years and at last gave up thinking there was a cure for eczema. A friend of mine insisted on my trying the Cuticura Remedies but, supposing they were the same as other 'cures' I had tried, I did not give them a trial until I got so bad that I had to do something. I secured a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and by the time they were used I could see a vast improvement and my hands and feet were healed up in no time. I used several bottles of Cuticura Resolvent. This was over a year ago and have had no trouble since. I think I am entirely cured. Charles T. Bauer, R.F.D. 65, Volant, Pa., Mar. 11, 1903."

## FOUGHT DUEL WITH SABRES IN PARLOR

## Cuban General Wounded in Fight With Editor.

Havana, Sept. 22.—A desperate duel with cavalry sabers was fought in the parlor of a private residence in Havana between Major General Enrique Loynaz del Castillo, a former congressman, and Wilfredo Fernandez, editor of El Comercio.  
After several minutes of fencing General del Castillo was seriously wounded in the sword arm and was unable to continue fighting.  
The duel was the outcome of a sarcastic reference in El Comercio to the general, who thereupon sent a challenge to Senor Fernandez. Both men are skilled swordsmen, and the duel is said to have been the most desperate fought in Havana in many years.

## STATE MOURNS GOV. JOHNSON

Buildings in St. Paul Draped in Black; Flags at Half Mast.

## MANY TRIBUTES OF RESPECT

When the Governor's Body Was Taken to the Train the Streets Were Lined With People, With Heads Bared. Taft Sends Message of Sympathy to Widow.

St. Paul, Minn., Sept. 22.—One of the most remarkable tributes ever paid to the memory of a public man in Minnesota was accorded the late Governor Johnson, who died Tuesday as the result of an intestinal operation.

From the hour that the governor's death was first publicly announced by tolling of bells in Rochester, all usual public activity was abandoned. All banks, stores and offices were closed and buildings were draped in black and purple crepe.

Governor Johnson's body was escorted to a special train for St. Paul by a throng of citizens from every walk of life. On the train were Mrs. Johnson, a few of her personal friends, state officers and friends of the late governor. As the cortege passed down the street leading to the railway station the escort lined up on either side with bared heads and the hundreds of people around the depot showed a like respect. Mayor Thompson had proclaimed it a day of public mourning.

All the way along the route to St. Paul flags were at half-mast and the buildings draped with crepe.

At the capitol the body was placed in the rotunda, where it lay in state.

This afternoon Rev. J. J. Lawler, chaplain of the governor's staff, conducted services in the capitol. Tomorrow the body will be taken to St. Peters, where final services will be held under Presbyterian auspices, with Rev. R. E. Clarke in charge. Interment will be in the family cemetery at St. Peters, where Governor Johnson is to be buried beside his mother. Honorary escorts will be state officers, the St. Paul lodge of Elks and the Knights of Pythias, who will accompany the special train to St. Peter.

Striking evidence of the remarkable esteem in which Governor Johnson was held in all parts of the country was seen here in the flood of messages of sympathy which have been received at the state capital from men prominent in all walks of life. Chief among these was the following telegram from President Taft to Mrs. Johnson:

## President Taft's Tribute.

"My heart goes out to you in sympathy to you in your present deep sorrow. Governor Johnson was a national figure of great ability and great capacity for usefulness to his country as he had already demonstrated, and his loss will be felt far beyond the state that loved him so well. I sincerely hope that the fond remembrance in which he is and always will be held in Minnesota and elsewhere and the record of his high and valued public service may come as a boon to you in your sorrow and may in time lighten the burden you are now called upon to bear."

Adolph O. Eberhart, lieutenant governor, was sworn in as chief executive of the state after the death of Governor Johnson.

## KILLED IN BANK COLLAPSE

One Workman Dead, Three Badly Hurt in Accident at Scranton.

Scranton, Pa., Sept. 22.—By the collapse of iron work on the new Traders' National bank building here Patrick Moriarty, of this city, was killed, Joseph Harkins, of Allentown, Pa., was probably fatally injured, and Daniel Kelper, of Scranton, and George Hartman, of New York, were seriously hurt.

## Deserter Faces Serious Charge.

Reading, Pa., Sept. 22.—After eluding arrest for more than two years, Edwin L. Neister, aged twenty-one, was captured by the police here. The charge is that Neister, while a private in Troop C, Eleventh United States cavalry, at Des Moines, Ia., slashed a commissioned officer in the neck with a saber and then deserted. For a time it was feared the officer would die. The war department has been notified of the capture.

## Shot For a Deer.

Saranac Lake, N. Y., Sept. 22.—Albert Fisher, while hunting on Roger mountain, was shot through the body by an unknown hunter. There is hope of saving his life. Fisher wore a tan colored leather coat and was probably mistaken for a deer. The party who did the shooting fled through the woods.

## PEARY DECLINES ALL PUBLIC HONORS

Will Accept No Invitations Until Dispute is Settled.

Sydney, N. S., Sept. 22.—Commander Robert E. Peary will accept no invitations to receptions and no public honors until the question of the discovery of the North Pole has been decided by scientific authorities. This he made known in the following statement, which he gave out for publication:

"Acting upon the advice of General Thomas H. Hubbard and Herbert L. Bridgman, president and secretary respectively of the Peary Arctic club, I wish to express my thanks to friends for their kind offers and invitations and also beg to say that I have decided not to accept any invitations to receptions, or any ovations, until the present controversy is settled by competent authorities."

Commander Peary supplemented this briefly. He was asked when the public was likely to get a decision on this subject, and he replied: "I do not know, but what I have to say will not be very long delayed. Whether my statement will be issued in one week or two weeks depends upon circumstances."

When the Roosevelt lay at the city wharf an eager throng of sight-seers visited the ship and went through her from stem to stern. Souvenir hunters carried away everything portable, and many valuable records and data belonging to Professor McMillan were lost. These were records of tides and animal life north of 82 degrees latitude, the names of all the Eskimos in the Etah region, together with more than a hundred books in which many important marginal notes had been made. No records bearing on the dash to the pole were lost. The missing books are of immense value and cannot be replaced, but the authorities are issuing a public appeal for their return.

With the excessively high price of milk feed the dairyman should turn to the silo. It is the cheapest food he can get for his cows. And the silo is not an expensive thing to build. With a little help any farmer can do it. Good land will produce ten tons of silage per acre and at a cost of only \$1.50 per ton when it is landed in the silo. Silage gives juicy food all winter and thus takes the place of pasture and soiling for that season. Every farmer with milk cows should have a silo.

## Wooltex Garments are Wholesome As well as Beautiful

You need not hesitate to put any of these Wooltex coats on your little girl because they are made under proper sanitary conditions, in a well-ventilated, well-lighted factory, with sunshine streaming into every corner. Made by clean, healthy workers.

Better take no chances on garments made in sweat shops, or crowded tenements—there may be danger. Wooltex garments are clean, wholesome, and safe.

WOOLTEX coats are cut generously full to permit freedom of motion and to allow for a child's growth—mothers will approve of that.

The styles are carefully planned to make them distinctive and yet to keep them simple and suitable for childish wearers.

The materials are of Wooltex quality—pure wool, tested—which will keep its shapeliness and give two full seasons' wear—hard wear, too.

There is an interlining of warm flannel across the back where warmth is needed.

### Rheumatism Prescription

One That Does Cure or Money Back, Says Peoples Drug Store.

Rheuma: that's the name of the scientific prescription that is putting old Rheumatism out of business the country over.

Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for the kidneys than most so-called kidney cures.

After the rheumatic poisons are driven from the body, the stomach grows strong; the blood becomes rich and red, and a general feeling of perfect health prevails.

B. D. Smith of Elmira, N. Y., took Rheuma, and this is what he writes: "I was a sufferer from Rheumatism for years, since using Rheuma I have been entirely free from all aches and pains. Rheuma is certainly the stuff for Rheumatism."

Peoples Drug Store sells and guarantees Rheuma. The price is only 50c a bottle, and no rheumatic sufferer can afford not to use it. Mail order filled by Rheuma Co., 1000 West Ave., Buffalo, N. Y.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have to much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
